

## ***Obama Is Something But He's No Irish Bloke***

It's bull! It's crap! It's all one big lie!  
Obama's as Irish as Hitler's alive

You say he's Irish, but no it's not true.  
If Obama is Irish then so is tofu  
He might be Kenyan, or from who knows where  
But he's as much Irish as Yogi the bear

It's bull! It's crap! It's so much BS  
If Obama is Irish then I wear a dress

One day he's this, and another he's that  
His father's a newt and his mother's a gnat  
There's nothing at all that Obama won't say  
He travels to Ireland so he's Irish today

It's bull! It's crap! He's Irish? No way  
If Obama is Irish then Reagan was gay

Obama is running for his second term  
another four years he'd like to return  
the american irish, are votes that he wants  
so he'll drink a pint but won't eat a croissant

It's bull! It's crap! It's all one big lie!  
Obama's as Irish as water is dry

He's not much for travel to any black nations  
He prefers white and asian, and his arab relations  
His plans to seek peace in the middle east  
should lose Jewish voters at the absolute least

It's bull! It's crap! It's nothing but bunk!  
Obama's as Irish as Hefner's a monk

He could be Malaysian, he could be from Mars  
It might be he's asian or from some distant star  
He's probably not from south of the rio grande  
And a village in Kenya that is called Wubumandi

It's bull! It's crap! It's all one big joke  
Obama is something but he's no Irish bloke
